Part B Consultation Questions

Please indicate your preference by checking the appropriate boxes. Please make your comments by replying to questions below against proposed changes discussed in the Consultation Paper at the hyperlink: http://www.hkex.com.hk/consul/paper/cp200910ct_e.pdf.

Where there is insufficient space provided for your comments, please attach additional pages.

A. Transactions with persons connected with an issuer only by virtue of their relationship with the issuer's subsidiaries

1. Do you think that the definition of connected person should exclude persons connected by virtue of their relationship with an issuer's subsidiaries?

Yes

No

Please provide reasons for your views.

The board of the issuer should have sufficient control over its subsidiaries and it will act in the interests of its shareholders.

The connected party at the subsidiary level may not cooperate and even reluctant to release the relevant information to the issuer to enable it to comply with the Listing Rules, in particular, relating to financial and corporate information. For example, in joint ventures with two or more business groups, even when the Issuer may be a major shareholder, the other shareholder may not have incentive to facilitate the Issuer in releasing relevant information.

2. If your answer to question 1 is "Yes", do you agree that the proposed draft Rule amendments in Appendix I to the Consultation Paper will implement our proposal?

Yes

No

If your answer is "No", please provide reasons and alternative views.

3. On the basis that the definition of connected person will continue to include person connected at the subsidiary level, do you agree with the proposal to introduce an “insignificant subsidiary exemption” for connected transactions?

Yes

No

Please provide reasons for your views.

The proposal will reduce the compliance costs incurred by the issuer relating to some small transactions or transactions entered into by some unimportant subsidiaries of the issuer. It may also enhance a better flow of quality information rather than information with no or low quality content.

4. Based on your experience, do you think that the “insignificant subsidiary exemption” would be used by you (or for market practitioners, your clients)?

Yes

No

Please describe the circumstances and refer to Option 1 or 2.

5. If your answer to question 3 is “Yes”, do you agree with

- (a) the proposed materiality threshold under (i) Option 1 or (ii) Option 2?

Yes (*please choose one of the following options*)

Option 1 (*Please see below*)

Option 2

No

Please provide reasons for your views.

The threshold of 5% as set out in Option 1 is too low. Perhaps 10% will be more realistic taking into consideration of the size of most of the issuers in Hong Kong

(b) the proposed bases for assessing the significance of a subsidiary, i.e. the asset ratio, revenue ratio and the profits ratio?

Yes

No. The significance of a subsidiary should be determined by (*please specify*): _____

Please provide reasons for your views.

(c) the proposed additional safeguard to require the consideration ratio be less than 10% if an “insignificant” subsidiary concerned is itself a party to the transaction or its securities/assets are the subject of the transaction?

Yes

No

Please provide reasons for your views.

(d) the proposed mechanism for applying the exemption to continuing connected transactions described in paragraph 27 of the Consultation Paper?

Yes

No

Please provide reasons for your views.

6. If your answers to question 5 are “Yes”, do you agree that the proposed draft Rule amendments in Appendix I to the Consultation Paper will implement our proposal?

Yes

No

If your answer is “No”, please provide reasons and alternative views.

7. If you agree with Option 2, do you think that the definition of “major subsidiary” under Rule 13.25 should be amended to align with that in the “insignificant subsidiary exemption” if adopted?

Yes

No

Please provide reasons for your views.

B. De minimis thresholds that trigger disclosure or shareholders’ approval requirement for connected transactions

8. (a) For the exemption from independent shareholders’ approval requirement, do you support the proposal to revise the percentage threshold to 5%? If your answer is “No”, please specify the percentage threshold that you consider appropriate.

Yes

No. The percentage threshold should be (*please specify*): _____

Please provide reasons for your views.

- (b) For the exemption from all reporting, announcement and independent shareholders' requirements, do you support the proposal to revise the percentage threshold to 1%? If your answer is "No", please specify the percentage threshold that you consider appropriate.

Yes

No. The percentage threshold should be (*please specify*): _____

Please provide reasons for your views.

9. If your answer to question 8 is "Yes", do you agree that the proposed draft Rule amendments in Appendix I to the Consultation Paper will implement our proposal?

Yes

No

If your answer is "No", please provide reasons and alternative views.

10. Do you agree that a percentage threshold is sufficient to assess whether a connected transaction is eligible for the de minimis exemptions?

Yes

No

Please provide reasons for your views.

11. Do you believe that an absolute monetary cap should also be imposed, irrespective of the percentage threshold test for de minimis exemptions? If your answer is yes, please specify the monetary cap that you consider appropriate for fully exempt connected transactions (the monetary cap for connected transactions exempt from independent shareholders' approval would be adjusted proportionately).

Yes. The monetary cap for fully exempt connected transactions should be:

- HK\$100 million
 HK\$200 million
 HK\$500 million
 HK\$1,000 million
 Other monetary cap (*please specify*): HK\$_____

No

C. Transactions that are revenue in nature and in the ordinary and usual course of business

12. Do you agree that the connected transaction Rules should govern revenue transactions with connected persons?

Yes

No

Please provide reasons for your views.

In essence, a major concern of connected transaction is the tunnelling or transfer pricing from Issuer to the connected party or its major shareholder. These corporate misbehaviors may be in the form of revenue, cost savings, profits, asset transfer at below-market value, and many others. However, revenue does not seem to play a critical role in the valuation of a company's stock. For example, price-to-sale ratio has been less common than price-to-earnings ratio in valuation.

Proposed exemption for revenue transactions with associates of a passive investor

13. Do you agree with the proposed exemption for revenue transactions with associates of a substantial shareholder who is a passive investor in the issuer group?

Yes

No

Please provide reasons for your views.

14. Do you think that the proposed exemption should also require the substantial shareholder be a passive investor in the relevant associate, for example, it is not involved in the management of the relevant associate?

Yes

No

Please provide reasons for your views.

15. If your answer to question 13 is “Yes”,
- (a) do you agree that the passive investor must be a sovereign fund or an authorised unit trust or mutual fund?

Yes

No

Please provide reasons for your views.

(b) do you think that the exemption should be made available to other passive investors? If so, which?

Yes. The exemption should be made available to *(please specify)*:

No

Please provide reasons for your views.

(c) do you agree that the passive investor must not have representative on the board of directors of the issuer and its subsidiaries?

Yes

No

Please provide reasons for your views.

(d) do you agree with other proposed conditions set out in paragraph 59 of the Consultation Paper?

Yes

No

Please provide reasons for your views.

16. If your answer to question 13 is “Yes”, do you agree that the proposed draft Rule amendments in Appendix I to the Consultation Paper will implement our proposal?

Yes

No

If your answer is “No”, please provide reasons and alternative views.

Proposed modification of the exemption for provision of consumer goods or consumer services

17. Do you agree with the proposed changes to expand the exemption for acquisition of consumer goods or services described in paragraph 66 of the Consultation Paper?

Yes

No

Please provide reasons for your views.

18. If your answer to question 17 is “Yes”, do you agree that the proposed draft Rule amendments in Appendix I to the Consultation Paper will implement our proposal?

Yes

No

If your answer is “No”, please provide reasons and alternative views.

19. Can you think of any other suggestions to improve the regulation of revenue transactions with connected persons?

Yes

No

If your answer is “Yes”, please elaborate your views.

Revenue is the starting point of a company’s operation which drives toward achieving its profit as the end result. Some industries may have their valuation tying more closely to its revenue and some do not. Similarly, profit margins vary widely from industry to industry and hence making price-to-sale ratio critically important to some sectors but not to the other. The governance philosophy of a revenue transactions with connected persons should therefore takes into account the sensitivity and validity of the “revenue” in the perspective of the Issuer’s industry norm. This may avoid using “one rule fits all” measure.

D. Definition of associate

(1) Definition of associate in Rule 1.01 (for non-PRC issuer) and Rule 19A.04 (for PRC issuer)

20. Do you support the proposal to carve out from the definition of associate the following entities?
