Message from Awardee 得獎者的話

Comprising key members of the Australian Community in Hong Kong, the AISFL Board of Governors, on a volunteer basis, convenes to discuss, forecast and facilitate action on a range of long and short term strategic initiatives which guide the direction of the School. The Committees and sub-Committees which exist under the Board are made up of Governors, School Executive Members and other volunteers who are recruited for their experience and knowledge within relevant fields.

The Committees include:

The Governance Committee which reviews and renew School policy and ensures prudent and transparent management.

The Finance Committee which has ultimate responsibility for the School's finances.

The Facilities Committee which looks at the School building's ongoing maintenance, expansion and capital projects.

The Development Committee supports the Development Office and considers marketing, communications and major fundraising strategies.

The AISFL Board recognises the importance of and is deeply honoured to accept its second Hong Kong Institute of Directors Award. The Foundation's achievements have flourished from its commitment to providing an outstanding Australian education in an international context in Hong Kong. In 2019 and beyond, the Board is dedicated to maintaining the balance and equality of its members and utilising its unique blend of experience across a range of skill sets, to best serve the School community.
