The Establishment of Young Directors Group

The Hong Kong Institute of Directors ("HKIoD") organised the first Young Directors Group online meeting.

In 2022, we reach the 25th Anniversary milestone of HKSAR and HKIoD. In this challenging time, HKIoD seeks to celebrate our Silver Jubilee with solidarity and positive energy to sustain and grow. Membership is cornerstone of the Institute, with the three-pronged approach of recruitment, retention and rejuvenation. Maintaining diversity in our membership, we wish to gather a group of younger directors, ideally in the age bracket of 18-45 to focus on their expectations and enlist their help in the way forward. A Young Directors Group has been established by the Membership Committee with functions envisaged as follows:-

- (1) To organise activities of special interest to the Group.
- (2) To motivate Group participants in the recruitment of younger members to join HKIoD.
- (3) To encourage Group participants in supporting HKIoD activities.
